

Hi dear parents:

A few important reminders as we get ready to dance:

**Pre-registration:** Signing of the waiver for dance class participation and payment of registration fee for Ling Hui's review and placement in class is required before classes begin. This is so we can focus on dance during class. Please take care of these details and come ready to dance when school starts.

**The door of the dance school will be open 10 minutes before class begins for the day.** When you arrive please observe backstage etiquette (quiet waiting) as there is no sound barrier between the waiting room and the dance studio. Since our dance time is so precious, **please remember to use the bathroom before class begins.** We will have a short break for water and bathroom time during the class. Be sure to bring your own water bottle and take it with you when you leave. Water is the only beverage allowed in the school. No gum, food or cell phone use is allowed in the school.

**Parents of young age dancers Creative I & II:** please stay in the waiting room and observe class from the observation window. It's important to be present in case young dancers have a sudden need for parents. Your presence will help the dance class operate smoothly.

**Attire:**

All dancers' hair is to be tied back off the face.

**Creative Dance I & II and Beginning Contemporary Dance - Leotard and leggings, bare feet.**

**Beginning Ballet - Leotard and light pink ballet shoes and tights.**

**My expectations are only that dancers have fun and learn a great deal from dance.**

Any questions? feel free to email me!

Thanks,  
:))) Ling Hui
